Include the following:

- Location maps (one max 11"x17") showing the current parcels and requested lot line adjustment and how it relates to other properties and/or development.
- A diagram which reflects the existing and proposed lot boundaries, the location of water supplies and wastewater disposal systems and all structures located on the lots affected by the adjustment, and the distances from those structures to the existing and proposed boundary line (the line to be adjusted).
- Show any changes in significant natural features such as woods, swales, waterways, ledges, swamps, contours.

Within 180 days of Boundary Adjustment approval, owner must submit a mylar showing date, scale, true north arrow, names of owners, and other information as required and/or requested per State Statute and/or Subdivision By-Laws.

Boundary (lot-line) Adjustments

Section 2.1(B) of Waitsfield Subdivision Regulations approved March 4, 2008

A boundary adjustment between parcels in existence as of the effective date of these regulations, as evidenced by recorded deeds, maps, or permits, is exempt from review under these regulations provided:

- (1) the adjustment would not invalidate or result in noncompliance of any conditions of a prior subdivision approval under Waitsfield Subdivision Regulations, and
- (2) the adjustment does not result in the creation of a new or nonconforming lot or structure under the Town of Waitsfield Zoning Bylaws.

While such a boundary adjustment shall not require review or plat approval by the Development Review Board under these Regulations, an application for a zoning permit shall be submitted to the Zoning Administrator in accordance with the provisions of Section 6.01(B) of the Waitsfield Zoning Bylaws and a permit issued in accordance with the provisions of Section 6.01(C) of those Bylaws if the aforementioned conditions are met.

Any such permit application shall require that the owners of the two lots affected by the adjustment **submit a diagram** which reflects the existing and proposed lot boundaries, the location of water supplies and wastewater disposal systems and all structures located on the lots affected by the adjustment and the distances from those structures to the existing and proposed boundary line (the line to be adjusted).

Any permit issued by the Zoning Administrator shall be subject to recording of a plat, approved by the Zoning Administrator, and recorded pursuant to Section 2.6 of these Regulations, **which depicts the adjusted boundary line as plotted by a surveyor.** Permits shall be filed and a notice thereof recorded pursuant to Section 6.07(E) of the Waitsfield Zoning Bylaws.
